## **Monthly Report from the Town of Cheshire to the Department of Agriculture**

**January 30, 2026**

### **1. CT Reg§ 22-336-17: Pens and Runs**

Animals were placed in cages that did not meet the minimum size requirements while primary enclosures were cleaned.

- There was two animals impounded in January.
  - Male boxer mix "Nike" came to us on 1/1/26; Cheshire AC is holding this dog until the owner can redeem; she is out of her home due to dv issues.
  - Quarantine impound for a bite small black mix dog, came in on 1/29/26.
- We are ending the month with the one dog our care:
- Animals are kept in appropriately sized enclosures that are cleaned daily. Animals have clean bedding, food and water provided daily. Litter is changed daily.

### **2. CT Reg§ 22-336-33: Dog Pound Structure Requirements**

- a. Chain link on multiple kennels was broken.
  - Fixed
- b. Eight of the trough covers were not installed properly to allow the dogs access to the troughs and could potentially cause injury.
  - Fixed
- c. Flooring surface coating is peeling and cracking and prevents is from being cleaned and sanitized properly.
  - Fixed

### **3. CT Reg§ 22-336-37: Animal Health**

Food was stored inappropriately (including an open bag of prescription food sitting on the wet floor).

- Unopened food remains stored on metal shelving racks off the floor. Any open food is contained in heavy duty plastic bins. This is routinely checked via Support SGT Gonzalez's daily checklist. As the kennel work is completing the metal shelving will be moved to a more permanent location.

**4. CT Reg § 22-336-38: Sanitation**

Evidence of a mice infestation throughout the facility.

- Capt. Miller requested a visit from the exterminator on 1/13 due to one dead mouse found. Additionally requested PW to check garage door for full closure.
- Email from exterminator... "I serviced the k9 building this afternoon. The staff on duty commented that mouse activity was present in the van when parked out front. I repositioned the exterior bait stations and switched to a different bait. I inspected the garage and did not note any activity. The rat traps I had positioned there were not present. On the interior, I inspected the remaining traps. In the kennel area I found my multicatch traps stored on a wire rack. I put new stick pads in them and put them back out in the appropriate areas. I refreshed the attractant on the remaining snap traps in the laundry, storage closet, hvac room and kitchen area. The laundry closet had a number of small towels on the floor and behind the equipment. I also noted a buildup of lint and dust in that room. The blanket storage closet had some mouse droppings on the floor but I can't determine if they were left from previous activity.  
I will continue to update you as needed.  
David Brodeur "

**5. CT Reg § 22-336-40: Quarantined Animals; Isolation Areas**

Lacked a properly set up isolation area.

- An isolation/quarantine dedicated kennel has been set, we are still awaiting finishing the enclosed ceiling.

**6. Animal Welfare Violations Under CGS § 53-247**

- a. Failing to groom animals as needed for health reasons.
  - b. Failure to provide necessary veterinary care.
  - c. Failure to protect animals from becoming wet or exposed to chemicals while enclosures were being cleaned and disinfected.
  - d. Resting surfaces were not dried before allowing animals to use them.
  - e. Failure to arrange proper holding of wildlife that needed to be transferred to a wildlife rehabilitation facility.
- The weekly wellness checks for all animals in our care has continued.
  - All animals are placed in appropriately sized enclosures, enclosures are cleaned and dried daily, food, water, litter and bedding are changed daily.

Items 1, 2a-2c, and 5 remain uncorrected, necessitating ongoing monitoring to ensure full compliance with applicable health and safety requirements.

## 1. Management and Oversight:

- a. The Respondent is to establish a management team to oversee, review and audit the operation of the animal control facility, this shall include a designated facility supervisor.
- b. The management team shall consist of the Chief of Police, and the Support Services Commander (Captain Sutherland); and the immediate supervisor will be the Support Services Sergeant (SGT Gonzalez). The management team shall be responsible for the preparation and completion of any forms required by statutes, regulations and this Consent Order.
- c. Supervisor will verify daily operations via checklist and ensure that the following facility and operational conditions are met:
  - i) Animals will be removed from enclosures before cleaning.
  - ii) When animals are removed for cleaning, they must be placed in an enclosure that is appropriately sized,
  - iii) The cleaning process is be done in a timely manner.
  - iv) Bedding is changed when soiled or wet.
  - v) Enclosures must be fully dried before returning the animals.
  - vi) Grooming and bathing will be done as necessary.
  - vii) ACO will provide the supervisor with a weekly wellness assessment of all animals with photographs.
    - Animals are always removed from enclosures prior to cleaning. They are always placed in an appropriately sized enclosure/room during cleaning. The cleaning process is done daily, and approximate times are noted on daily logs. Bedding is changed regularly, at a minimum every day.
    - Daily inspections have continued, checklists will be among the attachments. Weekly wellness assessments have been done for any animals here long enough to necessitate it.
    - Nike was taken to a vet mid January to be neutered, there was not other issues at that time.

## 2. Training:

- a. The Respondent will provide documented training, such as National Animal Care and Control Association (NACA) ACO I Training and Certification, to all staff and volunteers who have direct contact with any animals in the Town's care, control or custody.
  - LT Miller, and ACO Medlyn have all completed this training.
  - When the Support Services SGT is named, he or she will be signed up for the same NACA ACO 1 training.
  - We are in the background investigation stage of hiring a replacement full-time ACO, when that person starts they will go through the same training.
  - New ACO Critelli, and SS Sgt Gonzalez will be signing up for NACA ACO1 course.
- b. The training needs to include proper animal welfare and facility operations procedures. It should be at least 25 hours and happen within 45 days of the

execution of this Consent Order.

- Completed for all. Critelli and Gonzalez should have this course completed by next report.
- c. This training will be conducted at the Town's expense.
  - The Town paid for the class.
- d. Course syllabus shall be subject to the Commissioner's approval.
  - Previously approved by Chief Baker.

**3. Animal Care:**

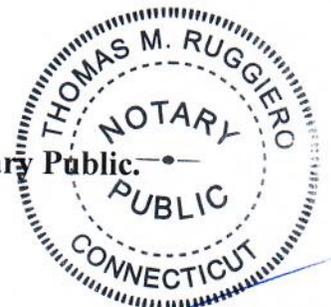

- a. Create an animal intake report as required by CT Reg § 22-336-41 and include photo documentation of animals. All animals impounded should have an intake report and records shall be maintained till this order is lifted.
- b. Perform medical assessment upon intake to determine if veterinary care is necessary and provide care.
- c. Animals kept longer than 30 days shall have a wellness exam performed by a veterinarian and documentation should be retained until this order is lifted.
- d. A veterinarian shall examine any animal that requires veterinary care in a timely manner, and Respondent shall implement all recommendations for care.
  - Impound forms and weekly assessment forms have been implemented and have been used as is necessary. Photos are taken upon intake, and during wellness assessments.
  - Future monthly progress reports will be submitted by SGT Gonzalez.

*"I have personally examined and am familiar with the information submitted in this document and all attachments thereto, and I certify, based on reasonable investigation, including my inquiry of those individuals responsible for obtaining the information, that the submitted information is true, accurate and complete to the best of my knowledge and belief. I understand that any false statement made in the submitted information may be punishable as a criminal offense under §53a-157b of the Connecticut General Statutes and any other applicable law."*

**Subject:** K9 building report

Mary

I serviced the k9 building this afternoon. The staff on duty commented that mouse activity was present in the van when parked out front. I repositioned the exterior bait stations and switched to a different bait.

I inspected the garage and did not note any activity. The rat traps I had positioned there were not present.

On the interior, I inspected the remaining traps. In the kennel area I found my multicatch traps stored on a wire rack. I put new stick pads in them and put them back out in the appropriate areas. I refreshed the attractant on the remaining snap traps in the laundry, storage closet, hvac room and kitchen area. The laundry closet had a number of small towels on the floor and behind the equipment. I also noted a buildup of lint and dust in that room. The blanket storage closet had some mouse droppings on the floor but I can't determine if they were left from previous activity.

I will continue to update you as needed.
